

Ricardo Garcia, Founder of Etectonics, is named “Business Person of the Year” by the Hispanic Business and Professional Association of Westchester

Yonkers, NY (04-20-2006) – Ricardo Garcia, Founder of Etectonics LLC, has been named “Business Person of the Year” by the Hispanic Business and Professional Association of Westchester. Ricardo founded Etectonics during his second year at NYU. Today, Ricardo and his business partner, Astrid Amaya, are working together to make Etectonics the premier provider of technology services to small businesses in Westchester County as well as the premier executive support team to Fortune 500 companies in the Tri-state area.

Other awarded personalities include:

Bernie Williams, New York Yankees
Lifetime Achievement Award

Dr. Mildred Garcia, President of Berkeley College
Professional of the Year

The event was held at the Doral Arrowwood Resort & Country Club in Purchase, NY. Over 200 guests attended the ceremony.

About Etectonics:

Founded in 1999, Etectonics provides a full range of technical computer support services and on-site training to small businesses as well as tech support to the executive team of large companies. The company’s innovative initiatives available for its customers include remote computer-to-computer support and preventative services to help customers pre-empt crashes and other problems. Though adept at the technical side of computers, Etectonics also provides a personal and patient touch. For more information, please visit www.etelectonics.com.

Etectonics’ headquarters is located at 470 Nepperhan Ave Suite 308 Yonkers, NY 10701.
Phone: 914-713-0555.
